### **STATE STAR FARMER FINALISTS RECOGNIZED AT THE 91<sup>st</sup> GEORGIA FFA STATE CONVENTION**

MACON, Ga. – The 2019 State Star Farmer finalists were recognized at the 91<sup>st</sup> Georgia FFA State Convention held at the Macon Centreplex on April 25-27, 2019.

Kylie Whitworth of Madison County represented the North Region. Lauren Wheeler of West Laurens was recognized as the Central Region Star Farmer, and Dylan Dent of Wayne County was recognized as the South Region Star Farmer.

**Kylie Whitworth was named the State Star Farmer.**

The State Star Farmer Award recognizes the most outstanding production-based Supervised Agricultural Experience (SAE) program among all State FFA Degree recipients. To receive the State FFA Degree and apply for Star Farmer, members must meet several requirements outlined by the National FFA Organization. Requirements include enrollment in agriculture education courses and active status as an FFA member for a minimum of two years. Additionally, recipients must obtain their Chapter FFA Degree prior to receiving the State Degree, actively participate in the planning and implementation of the chapter's Program of Activities, and complete a minimum of five different activities exceeding chapter level. Members must demonstrate leadership by performing ten parliamentary law procedures, giving a six minute speech on agriculture, and serving as an FFA officer, committee chairperson, or committee member. Applicants must maintain a satisfactory academic record and complete a minimum of 25 hours of community service in at least two different service activities.

Students establish SAE projects early in their FFA career that they then develop throughout their involvement in agricultural education. FFA members receiving their State Degree and applying for the Star Farmer Award must maintain accurate records pertaining to acquiring and investing a minimum of \$1,000 or documenting a minimum of 300 hours of work outside scheduled class time.

The Star Farmer Award was sponsored by the Georgia Young Farmers Association on the state level.

Winners receive a \$250 cash award, as well as \$500 travel money to attend the National FFA Convention. All finalists received a plaque, \$125 cash award, and were recognized on stage at the state convention. Additionally, the parents of each finalist received an Honorary State FFA Degree for their support while the finalists' advisors received a certificate of appreciation and \$100 cash award.

The National FFA Organization, formerly known as the Future Farmers of America, changed its name in 1988 to reflect the growth and diversity of agriculture. There are nearly 670,000 FFA members nationwide. The Georgia Association has more than 42,000 members, making it the third largest Association in the nation. The FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success, through agricultural education.
