

As a shy middle schooler, a previous state officer made me feel welcome, important, and like I belonged. This state officer saw me as a vital asset to the National FFA Organization. It is my desire to make other members feel this same sense of belonging and significance, and impact their lives, just as mine was. It is also my desire to become an advocate for this organization and agriculture. I look forward to building meaningful relationships within this association with members, advisors, and supporters through conferences, conventions, and other FFA activities.

I, Bailey Clements, want to serve as your 2019-2020 Georgia State Officer because I feel like I can help encourage others in FFA. I have dreamt of becoming a state officer since I joined FFA and I feel that if I am able to make my dream come true, that I can help others fulfill their FFA dreams as well. If I become a state officer, I promise to help and encourage everyone to reach their full potential through FFA and become the best person they can be. So, take it to the limit and vote for Bailey Clements!

Joy. The true reason I want to serve. The joy of helping. The joy of watching FFA members reach their potential. The joy of encouraging them to step out and succeed. The joy of helping members realize their purpose, worth, hidden skills, and potential. This joy is why I want to serve, and I know that no matter how much I serve, I can never fully repay the FFA. 1 Peter 4:10 states, "Each of you should use whatever gift you have received to serve others..." This verse reminds me and inspires me to serve God and this great organization.

I want to serve the Georgia FFA because I know I can and will do what is best for the association. On top of being a hard working FFA Member, I have an uplifting personality. Having a bad day? Get Gabby! I want to bring my positive attitude, good ideas, and encouraging mindset to boost our association even more than it already is. I want to better our program and encourage others to join FFA. In conclusion, I know that I can help make the Georgia FFA all that it can be.

I want to serve as a Georgia FFA State Officer to encourage, engage, and equip others to believe in the possibilities found within the FFA Organization. By encouraging potential and current members to take full advantage of all that the FFA has to offer, I can positively impact Georgia FFA's growth and success. I want to engage in the efforts of local chapters to support them and meet their goals. Finally I want to equip every person I encounter with the knowledge that the Georgia FFA Association is developing successful young people that will make great impacts on our world.

When I first joined the FFA in 7th grade, I saw State Officers as the coolest people ever. Anytime they would take a moment to talk to me, I felt a feeling of importance. They inspired me to try new things and put full effort into everything I do. I wish to instill the same inspiration to the new members of the Georgia FFA. I want to inspire them to continue their career in the FFA and to strive for greatness. It also doesn't hurt that I get a free FFA jacket.

When I joined FFA in ninth grade, I never thought the experience would lead me to so many opportunities. I was exhilarated when we left for Nationals, in Indianapolis, my junior year. Meeting members from across the country helped me make lifelong connections. The doors opened for me making me want to use the FFA to open those doors for others. I believe in leadership and the future of agriculture. I want to show others to believe, too.

I want to serve as a State FFA Officer so that I can help my peers realize that no matter your background or hometown, you can have an impact and make a difference in agriculture and our communities. I want the opportunity to serve you and get to know members from across the great state of Georgia. I want the job of a state office because I am not ready to hang up my jacket. FFA has allowed me to take several steps that have led on me and amazing journey and I am not ready for it to be over.

To serve the Georgia FFA association in the upcoming year would be an extraordinary experience that would allow me to highlight fellow FFA members, FFA supporters, and the Agriculture industry as a whole. The FFA organization has blessed me abundantly and nothing would make me happier than to help create phenomenal memories for the outstanding members of this organization, as well as help Georgia FFA maintain its premier leadership standards. It is vital to ensure the leadership aspects continue to grow substantially. Having the ability to serve would grant me the opportunity to raise awareness for this crucial affair.

I want to serve as a State Officer so that I may be able to not only continue to grow our great organization, but work to reach individuals that feel as though they do not belong and show them that the blue jacket symbolizes family, and that means they are not alone and instead they have over 42,000 brothers and sisters across this amazing state we all have the privilege of calling home. That is my biggest goal, to aid in Georgia FFA Members feeling like they have a forever family in the National Blue and Corn Gold.
